

Chloe's Diary- 12/04/2020

This is the day in the life of me in lockdown. I'll take you through my daily routine whilst being in lockdown in England.

8:00- wake up and do school work. I do school work on a holiday so that I have less to do when the term starts again.

9:00- get breakfast. Porridge with strawberries, raspberries and blackberries with a glass of water.

10:00- get dressed. I proceeded to go out later in the day. Even if i didn't go out in a day, I'd still get dressed because I'm not the type of person to stay in my pjs all day.

11:30-5:00- practice playing instruments. I've been learning to play the bass guitar recently, so that is one of my priorities.

5:00-5:30- have dinner with family.

5:45-7:00- watch a movie with family.

7:15-8:00- read a book.

8:00-11:00- talk to friends and family, walk the dog and finish off anything I started doing and stopped.

So, that's my day! It's normal for the most part, but with a few twists to be able to adjust to #lifeinlockdown .
